5 Information must match database's

The screenshot shows a login form with the title "Please Log In". It contains two input fields: "Email" with the value "Joseph.jasonjj@gmail.cc" and "Password" with masked characters ".....". Below the password field are two buttons: "Log In" and "Cancel". A small orange circle highlights the "Log In" button. At the bottom of the form, there is a text link: "For a password hint, view source and find an account and password hint".

6 This is the Index page which will hold entries and help nagivate through the app, start by clicking "Add New Entry"

The screenshot shows the index page titled "Jason Joseph's Resume Registry". It displays "0 rows found". Below this, there are two links: "Add New Entry" and "Logout". A small orange circle highlights the "Add New Entry" link.

7

Input validation is covered by PHP however JS validation for file submission is in place just in case.

## 9 A file submission is possible or manually

The screenshot shows a form with a large, empty white rectangular area at the top. Below this area, on the left, is a section with the label "Education:" followed by a small square button with a "+" sign. Below this is another label "Position:" followed by a similar "+" button. Underneath these are two buttons: "Add" and "Cancel". Below the "Add" button is the text "Send this file:". Further down is a "Choose File" button, followed by the text "No file chosen". Below that is a "Send File" button. At the bottom left of the form is a circular logo consisting of a blue outer ring and a purple inner circle. A small green dot is visible in the bottom right corner of the large white area.

## 10 "Education" fields are created using JS and auto fill is present in the "school" field with the help of JQuery. This also applies to the "position" section as well

The screenshot shows a form similar to the one in slide 9, but with additional fields. The "Education:" label is followed by a "+" button. Below it is a "Year:" label followed by a text input field containing the number "1" and a "-" button. Below the "Year:" field is a "School:" label followed by a long, empty text input field. Below the "School:" field is a "Position:" label followed by a "+" button. Underneath these are two buttons: "Add" and "Cancel". Below the "Add" button is the text "Send this file:". Further down is a "Choose File" button, followed by the text "No file chosen". Below that is a "Send File" button. At the bottom left of the form is a circular logo consisting of a blue outer ring and a purple inner circle. A small green dot is visible in the bottom right corner of the large white area.

11

Once file submission is selected all manual submission methods are removed, and preview made with JS change event function.
